Pete Kelly, resident of Beverly Hills and Chairperson of the Berkley Huntington Woods Youth Assistance, spoke how they received a communication from the county and mentioned that youth assistance is tri-sponsored organization from the school districts, municipalities, and the Oakland County Circuit Court Family Division. He read the letter from the Oakland County Circuit Court Family Division. He also acknowledged the City's longtime support for this program as well as the support of individual Councilmembers past and present. He said the youth assistance involvement has been very beneficial and makes a difference. Finally, he ended by thanking everyone for all of their support.

Charlie Cavell, Oakland County Commissioner District 19, gave some updates to City Council. He first talked about infrastructure and funding that is starting to trickle into the states and municipalities. The second update he discussed was about seniors and how the county has finished and published as of a couple months ago a "healthy aging blueprint" for baby boomers that are retiring right now so they can convince them to stay in Michigan and how they can have their basic needs met. The third item he talked about was housing and how last week Oakland County passed two packages of resolutions that invest 17 million dollars up front and 2 million dollars a year to make sure there is housing for the middle class and for people who are trying to age in place can stay so they stay in Oakland County or are able to move within Oakland County. The fourth item he talked about was childcare and how they have a pilot program for 1.2 million dollars to try to help families who are trying to return to the workforce or better their education and since the take up of it has been so significant they also want to try to expand this program as well. The final item he talked about was the model of the San Antonio Mental Health Crisis Response Unit and how the Oakland County Sheriff's Office wants to deploy something like this as well but they need local law enforcement's feedback about this.

**A RESOLUTION**  
**OF THE COUNCIL OF THE CITY OF BERKLEY, MICHIGAN**  
**SETTING THE CHARGES FOR WATER AND SEWER SERVICES**  
**EFFECTIVE JULY 1, 2022**

**WHEREAS,** City Council has determined that, in order to provide safe, adequate water to the users of the system, and to assure safe transportation and treatment of sewage discharged into the system by all users of the system, the system must receive sufficient total annual revenue to ensure the proper operation and maintenance of the system, the development and perpetuation of the system, and the preservation of the financial integrity of the system. The city council has also determined that the system shall be self-sustaining, supported solely by the revenues of the system and not dependent upon the property tax payers of the city. To meet those ends, City Council shall fix the rates and charges to be imposed on all users of each component of the system in accordance with the principles and standards set forth in the Berkley City Code; and

**WHEREAS,** the purpose of water and sewer rates is to produce sufficient revenues each year to pay the costs of water and sewer service utilized by the rate payers of the city. The city council has found that annual revenues and expenditures of the system can fluctuate substantially from year to year. City council has determined that, in order to provide adequate, but not excessive, annual adjustments in revenue levels in a timely manner, the city shall develop the estimated costs of service and shall base rates each year on those estimated costs; and

**WHEREAS,** City Council has received a cost of service study commissioned for the purpose to establish or confirm the current and future cost of providing water, sanitary sewer, and storm water disposal based upon guidelines consistent with the tests for distinguishing a fee from a tax prescribed by the decision in Bolt v City of Lansing; and

**WHEREAS,** City Council wishes to revise current water rates both to continue to provide sufficient revenue for the water fund and to meet the guidelines prescribed in the Bolt v City of Lansing, decision in a manner consistent with the recommendations of the cost of service study; and

**WHEREAS,** Charges established pursuant to Sections 126-18, 19, 68, and 70 of the Berkley City Code have been addressed in other resolutions adopted by City Council.

**NOW, THEREFORE, THE CITY OF BERKLEY RESOLVES:**

**Section 1.00:** That pursuant to the Berkley City Code, the City Council does hereby determine that the following rate schedule for water and sewer service shall be in effect for all bills due and payable on or after July 1, 2022.

2.11: Further, the high strength surcharge will not apply to restaurants pursuant to the order of the U.S. District Court dated July 10, 1981, (C.A. No. 77-71100).

2.13: Amounts due for the high strength surcharge shall be calculated either by the Great Lakes Water Authority or by the Oakland County Drain Commissioner's staff. **Section 3.00:** The rates described herein shall be effective with all bills rendered by the City of Berkley which are due and payable on or after July 1, 2021. **Please note that occasionally due to the timing of rate approvals by other bodies, if any of the previous identified rates should need to change prior to 7/1/2021, the Berkley City Council will adopt a new resolution with the corrected rates.**

**Section 4.00:** Whenever an overdue amount is transferred to the City tax roll for collection, an overdue administration fee of \$20.00 shall be added to the amount due. The fee shall be waived for property owners who have received a reduction in taxable property value by the Berkley Board of Review for reasons of economic hardship.

## Memorandum

To: Matt Baumgarten, City Manager  
From: Mark Pollock, Finance Director  
Date: May 11, 2022  
Subject: Application for Additional Service Purchase Credit

Attached is the MERS estimate for Generic additional purchase of service time for John Beach.

The current estimate from MERS for this purchase is \$20,820.00 with the City's share being \$16,509.00.

Currently, John Beach has 10 years and 8 months of service time.

These costs will be paid from the Water and Sewer Fund, since that is the fund he is currently paid from.

As is almost always the case with these service purchases, the approximated present value cost anticipates that the City would pay more to MERS over two years of this employee continuing to work than this lump sum plus the anticipated interest earnings on this amount would at the time of his retirement. This is because the MERS calculation utilizes a formula that approximates the net present value of the service cost, which is lower than the future cost over a period of time.

These purchases are allowed under the MAPE Agreement dated 7/1/2021 through 6/30/2024. Feel free to call or e-mail me if you have any questions.
