

Heads Up, Construction Ahead!

Bacon Avenue Water Main and Road Reconstruction, 11 Mile Rd & 12 Mile Rd

The City of Berkley's Department of Public Works is excited to share information regarding the upcoming **Bacon Avenue Water Main & Road Reconstruction project in Summer/Fall 2026**. The project will include full reconstruction of Bacon Avenue between 11 Mile Road and 12 Mile Road with new water main and services as well as new sidewalk, drainage improvements, new signing and pavement marking, and improvements to Oxford Park. This project will improve water reliability and vehicle and pedestrian safety.

A **public meeting will be held on March 11th @ 5:30pm at the Community Center to review the project with the public and answer questions. The Community Center is located at 2400 Robina Avenue**

- Contact Public Works at publicworks@berkleymi.gov or call **248-658-3490**

Construction Schedule: Tentative

- Phase 1: Late May/Early June
- Phase 2: Early- Mid August
- Cleanup/closeout: 2nd week of October
- One-direction vehicular traffic will be maintained along Bacon Ave. for the duration of construction with the exception of utility crossings
- Sidewalks will be closed during sidewalk reconstruction

Helpful Notes

- Driveway access will be maintained for all residents throughout construction with the exception of driveway approach and sidewalk replacement
- Interruptions in driveway access will be coordinated in advance by Contractor
- Temporary signage will be posted to alert drivers of one-way traffic direction during construction
