

## BERKLEY ENVIRONMENTAL ADVISORY COMMITTEE

Meeting of November 18, 2021

2nd Floor Meeting Room, Public Safety Building

Present: M. Richardson, N. Rendleman, T. Losey, R. Laczkovich

Absent: B. Gunnels, J. Heath, R. Klintworth, A. Pace, K. Sticke

Meeting called to order at 6:38 p.m.

### Welcome and Introductions

Approval of Agenda, agenda approved

Approval of Minutes of October 2021 meeting, minutes approved

Public Comment, No public present

Chairperson's Report - M. Richardson updated regarding electric vehicle charging stations in the city. There were some presentations from vendors which S. Baker summarized and forwarded some questions for this committee to consider. Primarily regarding possible locations and legalities. Discussion ensued. Mention of networked versus non-networked, as well as researching grant opportunities,,

City Council Liaison Report - deferred (Liason R. Gavin absent)

Discussion Item: EV charging stations (covered in chairperson's report)

Old Business: Implementation of green infrastructure recommendations

Dr. Carpenter identified six potential sites in Berkley. (1 or 2 rain gardens in Jaycee Park, stormwater detention in city parking near Print Stop, community center area, boulevards) The report is available and we should look at other opportunities in particular parks. Discussion of grant opportunities

New Business: The EAC needs to help develop a sustainability plan. We would be editors and reviewers. M Richardson said we are looking to work with the new Facilities Manager to address this in the future. M. Richardson said he would try to have the Facilities Manager present at our next meeting.

Announcements: Think about our next steps for implementing green infrastructure. Looking to do the rain barrel sale again in January or February of 2022.

Adjourn, meeting adjourned at 7:53p.m.
